Testimonials

I feel very happy to study at Shafston because the teachers here are very friendly to me. I enjoy the pretty campus river view at Shafston. Every Friday, we have sports activities where I can play volleyball and badminton with my classmates. I have made many friends from different nationalities here.

Xurui LIU

I think Shafston is a great college. My teachers are very friendly. If I have any study troubles during the class, they will help me step by step to understand the knowledge smoothly. My classmates are from different nationalities. I was very nervous about this on the first day when I arrived. But after 2 weeks, I had made friends with my new classmates.

Martin BELLO TORRES

I started to study at Shafston in 2022 for 6 months and I have enrolled in Calamvale Community College successfully as a Grade 10 student. There are a lot of exams and assignments in high school and it is difficult for international students to learn a new language. Shafston HSP program with doing English tests and using English textbooks is so helpful for me to adjust to high school courses.

Homestay

Living with a local host family offers you a unique way to experience the Australian multicultural lifestyle and culture, while you practise English.

In fact, living with a homestay family will help you with more than just the English language. You will learn about life & customs, the local coffee shops, restaurants, and fun activities that Brisbane and the Gold Coast have to offer. No one knows these things better than a local!

Staying with an Aussie family is the best way to learn about the community that you will be joining so that you can go out and discover life here with confidence.

We have an on-campus Homestay Department to assist students with settling into their 'home' in Australia. With hundreds of homestay families hosting Shafston students, we are able to meet just about any request, and help you if any problems may arise.
