PEP Experience

7 - 11 Years

PEP program provides a foundational academic framework for younger learners entering the Australian school system. The curriculum focuses on developing core literacy skills, including basic grammar structures, essential reading comprehension, and structured writing practice. Students engage with age-appropriate academic content to build the vocabulary and conceptual understanding necessary to participate confidently in primary school subjects such as science, mathematics, and humanities.

HSP Experience

12 - 17 Years

HSP is an intensive academic program designed to mirror the demands of the Australian secondary curriculum. It develops proficiency in advanced academic English, with a strong emphasis on critical analysis, formal essay and report writing, and effective note-taking strategies. Students master research methodologies and deliver formal presentations, equipping them with the specific linguistic and cognitive skills required for success in high school examinations and subject-specific studies.

Weekend extra activities for families - Third Party

Exciting extra activities are available on weekends, organised by a trusted third-party tourism agency. These full-day experiences give students the chance to explore more of Australia outside the regular program. Participation is optional, and students can sign up directly with the agency on campus if they wish to join.
